

Get ready for something you've never seen before because the Snap-on® Tools of Triumph™ Tour is rolling into town. The Tools of Triumph combines all the tools and products that make Snap-on the number one tool company in the world with cutting-edge interactive technology, animations and hands-on demonstrations that not only celebrate tools, but also the technicians who triumph in the shop every day.

#### The Tools of Triumph Attractions:

Take a guided tour through *The Garage*: two unique Snap-on garages that every tech aspires to own. Sit down and strap in as Snap-on pits you against other drivers at the Snap-on Speedway racing simulator. Watch, learn and experience the latest, greatest and most innovative tools Snap-on has to offer when you cruise down Victory Lane, Demo Alley, the Proving Ground, the Infield and the Showroom. But best of all, take the Tools of Triumph Challenge: a four-station tool challenge where only one leaves triumphant.

Also, check out [ToolsOfTriumph.com](http://ToolsOfTriumph.com). There you will learn about all the attractions on the tour and our social media feed.
