

Service Technician Agricultural Equipment – All Levels

Job Type: Full-time

Location: Innerkip

Reports To: Service Manager

Position Summary:

Looking to enter the Ag Equipment Service Industry? Connect Equipment is currently accepting applications all levels of service experience as we seek a new member to join our growing team. Reporting to the Service Manager, the successful candidate will perform maintenance and equipment repair in a high quality and safe manner. On-going training and apprenticeship opportunities available. Some weekend work will be required.

Responsibilities:

- Perform diagnostics, maintenance and repairs on agricultural, CWP and turf equipment
- Review and explain any maintenance, repair, or other service concerns directly with service manager and/or customer
- Conduct general maintenance on agricultural, commercial and light construction equipment
- Perform equipment inspections and necessary repairs
- Adheres to safety rules and regulations at all times
- Accountable for time and materials used in performing assigned duties
- Complete necessary training modules and in-class sessions
- Other various duties and training as required

Experience & Skills:

- Competent to operate vehicles and equipment used for diagnostic purposes
- Must have a clean driving record
- Ability to lift heavy parts/components weighting upwards of 50lbs (i.e. tires)
- Valid driver's license required; CDL (Commercial Driver's License) preferred
- Fork lift license preferred
- Farm or other hands-on equipment experience is an asset

If you are ready to start a new career with our growing team we would like to speak with you. We offer a competitive compensation package, on-going training with apprenticeship opportunities, family health benefits packages, tool insurance, annual clothing allowance in addition to uniform, employee discount programs, opportunities for development and much more.

Please send resume to: jobs@connectequipment.com. All applications will be kept confidential.
