

AG SERVICE TECHNICIAN

Type: Full-time **Location:** Chepstow

Position Summary:

Reporting to the Shop Foreman/Service Manager, as a Service Technician you will be an important member Connect Equipment's Service team. You will perform maintenance and equipment repair in a high quality and safe manner.

Responsibilities:

- Perform diagnostics, maintenance and repairs on agricultural, CWP and turf equipment
- Review and explain any maintenance, repair, or other service concerns directly with service manager and/or customer
- Perform equipment inspections and necessary repairs
- Adheres to safety rules and regulations at all times
- Accountable for time and materials used in performing assigned duties
- Complete necessary training modules and in-class sessions
- Other various duties and training as required

Experience & Skills:

- Competent to operate vehicles and equipment used for diagnostic purposes
- Must have a clean driving record
- Ability to lift heavy parts/components weighting upwards of 50lbs (i.e. tires)
- Valid driver's license required; CDL (Commercial Driver's License) preferred
- Fork lift license preferred
- Farm or other hands-on equipment experience is an asset

If you are ready to start a new career with our growing team we would like to speak with you. We offer a competitive compensation package, on-going training, family health benefits, tool insurance and opportunity for development. Some weekend work will be required.
